Attn: Ray Grenier K9KHW

Dear Ray,

I would like to express a big Thank You to AES from the Board and Members of the Milwaukee Radio Amateurs' Club for providing space for a club table as well as providing space for testing at Superfest 2000. We especially want to thank you for providing space for both club tables and testing in light of recent physical changes at the store (the renting of the west end of the building). The club table was responsible for attracting some prospective members and the testing group tested over 50 people (bringing the total for the year to over 250 people). Everyone at AES went out of their way to make sure we had what we needed.

We do our best to make sure people know about the services provided to the ham community by AES. We look forward to continued working together in the future. Please forward our thanks to all parties involved. Again Thank You.

73,

David B. DeFebo WB9BWP
President
